

## **Global Care Foundation 1<sup>st</sup> Annual Golf Tournament**

*Local businesses team up in a charity golf tournament at The Ridge at Castle Pines North to benefit Communities 4Kids, a nonprofit charity organization.*

Englewood, CO. June 18, 2010 -- Aegis Business Services and Global Communications Group will host the Global Care Foundation 1<sup>st</sup> Annual Golf Tournament to take place on Monday, August 23, 2010 at The Ridge at Castle Pines North in Castle Rock, CO.

Proceeds from the event will benefit the local branch of **Communities 4Kids**, a 501(c)(3) created to serve communities by developing portals for parents and families seeking information on numerous issues from social to medical. Their vision for Communities 4Kids Corp is to provide local communities with insightful information geared both towards parents and children on emotional and social issues as well as providing information on activities and events centered on family involvement within the community. We believe that information will empower and enrich families therefore building a stronger community. Communities4Kids recently received notable mention in last season's Celebrity Apprentice from contestant Bill Goldberg.

The event kicks off at 8:00 a.m. with a shotgun start followed by lunch from 1:00 - 2:00 p.m. and a closing ceremony from 1:30 - 4:30 p.m. There will be a special lunch served during the closing ceremonies along with silent auction, awards and prizes for event participants.

"This is our chance to reach out and provide support to those that need it most in the local community. Communities 4Kids and the One Good Turn Ranch 4Kids are terrific organizations and serve as a key reminder of what is truly important. It is our privilege to be hosting this year's tournament in conjunction with Aegis and we look forward to making a difference in the lives of many children and families." Joel St. Germain, Global Communications Group

"We are very excited to take part and be more involved in supporting our communities. Helping kids and families face adversity today with both medical and social needs is a big part of keeping our Country strong. It all starts with how we support our families and children today that builds a stronger future for tomorrow." Jon Hernandez, Aegis Business Services
